~ Ananda Milletics Benefit Compilation ~

In May 2007, 6-year-old Ananda Devi Milletics had a brain hemorrhage caused by an arteriovenous malformation (AVM). In January 2008, she received gamma knife surgery and is expected to make a full recovery. Ananda has danced with us at the Gaian Mind Summer Festival every year of her life – and will continue to do so.

In order to help defray the medical expenses related to her treatment, legendary producer Gus Till (SLINKY WIZARD, BUS, ZEN LEMONADE, STOOP & FIDJET, etc.) compiled a benefit compilation with exclusive tracks from some of the leading international Psytrance, Progressive, and Freestyle producers. All the tracks have been generously donated by the artists. The compilation features music from established artists such as APHID MOON, BEHIND BLUE EYES, BLUE PLANET CORPORATION, BUS, DICKSTER & JAMES MONRO, ELECTRYNOSE, KAYA PROJECT, KENJI WILLIAMS, STELLA NUTELLA, STANLEY ARTS & SAAFI CONNECTION, ZEN LEMONADE, plus upcoming artists such as AJJA, D-SPACE, G.B.CATALYZER, GRAINS OF SOUND, INDIDGINUS, MASTER MARGHERITA, SINE WAVE, SUBTERFUGE, and YAB YUM.

All proceeds from the sale of this compilation go to Ananda's medical fund.

Healing rhythms dedicated to a worthy cause.
